**LANDUNGSBRÜCKEN - Landing stages**

The Maritime Circle Line departs from St. Pauli landing stages, bridge no. 10, just behind the Old Elbe tunnel. The landing stages were built at the beginning of the last century. Today, they form the heart of Hamburg's harbor and they are also an ideal spot to appreciate a beautiful view of the Elbe while enjoying one of Hamburg's classic bread rolls with all sorts of fish specialities.

MCL departure time: 11.00 a. m. / 1.00 p. m. / 3.00 p. m.

**MV CAP SAN DIEGO**

The MV Cap San Diego, built in 1961, is the last sea-going-museum-cargo-ship of its size. Apart from being a museum, it also provides hotel rooms, hosts a bistro on board, and serves as a venue for various events. From this point, it makes just a short walk to Hamburg's landmark, the "Michel" (St. Michaelis church).

MCL departure times: 12.25 p. m. / 2.25 p. m. / 4.25 p. m.

The development is documented in the HafenCity InfoCenter nearby. To visit the harbor of traditional ships get off at Speicherstadt or Elbphilharmonie.

**INTERNATIONAL MARITIME MUSEUM**

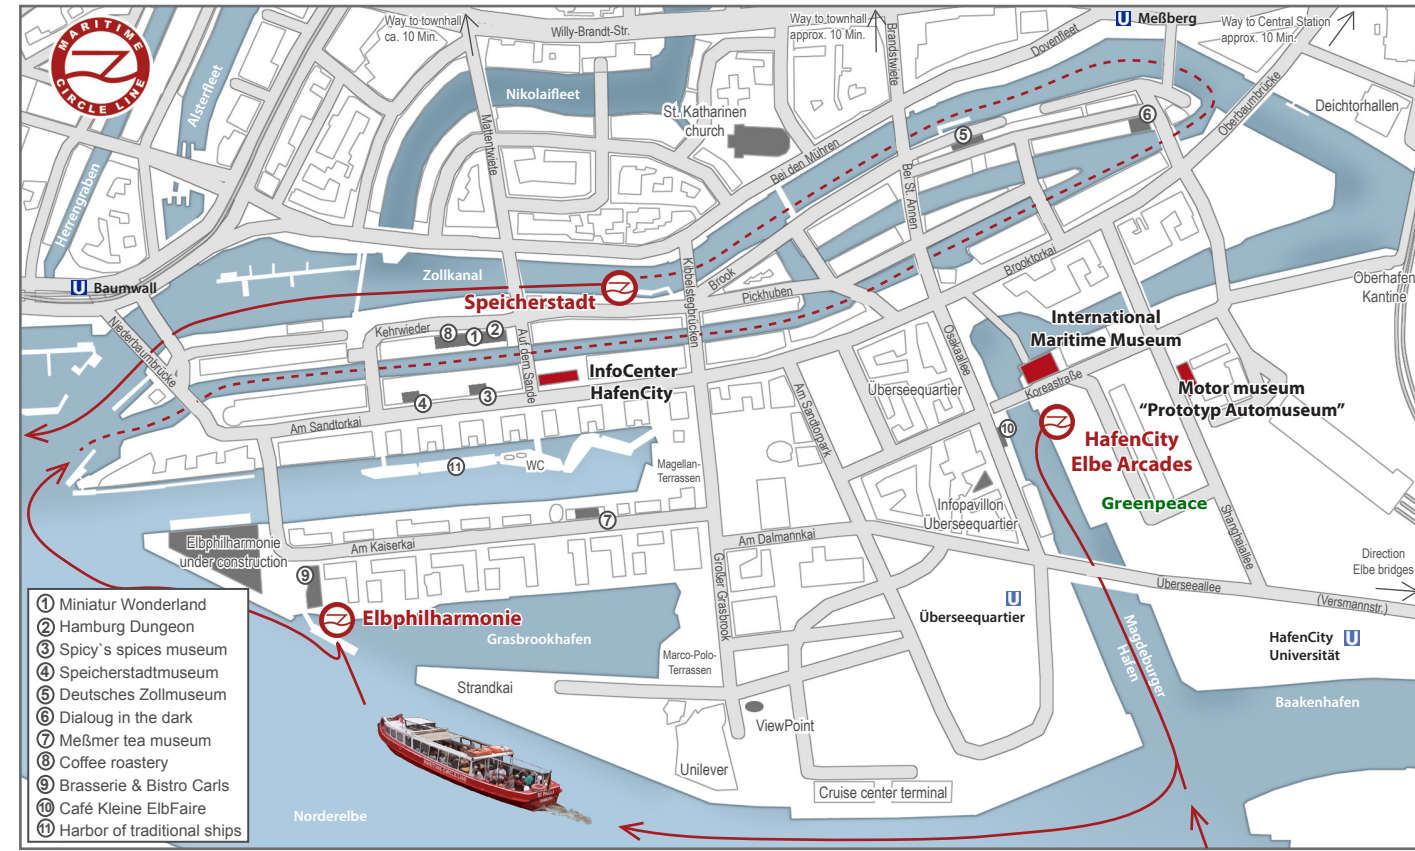

The museum houses the world's largest collection of model ships and maritime art, counting over 40,000 items and more than one million photographs. The exhibits are presented on 9 decks within the historic Kaispeicher B warehouse, in the centre of HafenCity. Next door the Prototyp automobile museum shows a rare collection of classic sport cars.

MCL departure times: 12.00 p. m. / 2.00 p. m. / 4.00 p. m.
